The Patrol was actively involved with the television series
"Real Stories of the Highway Patrol" for many years
(1993-1999). Shown above are a couple of reenactments.

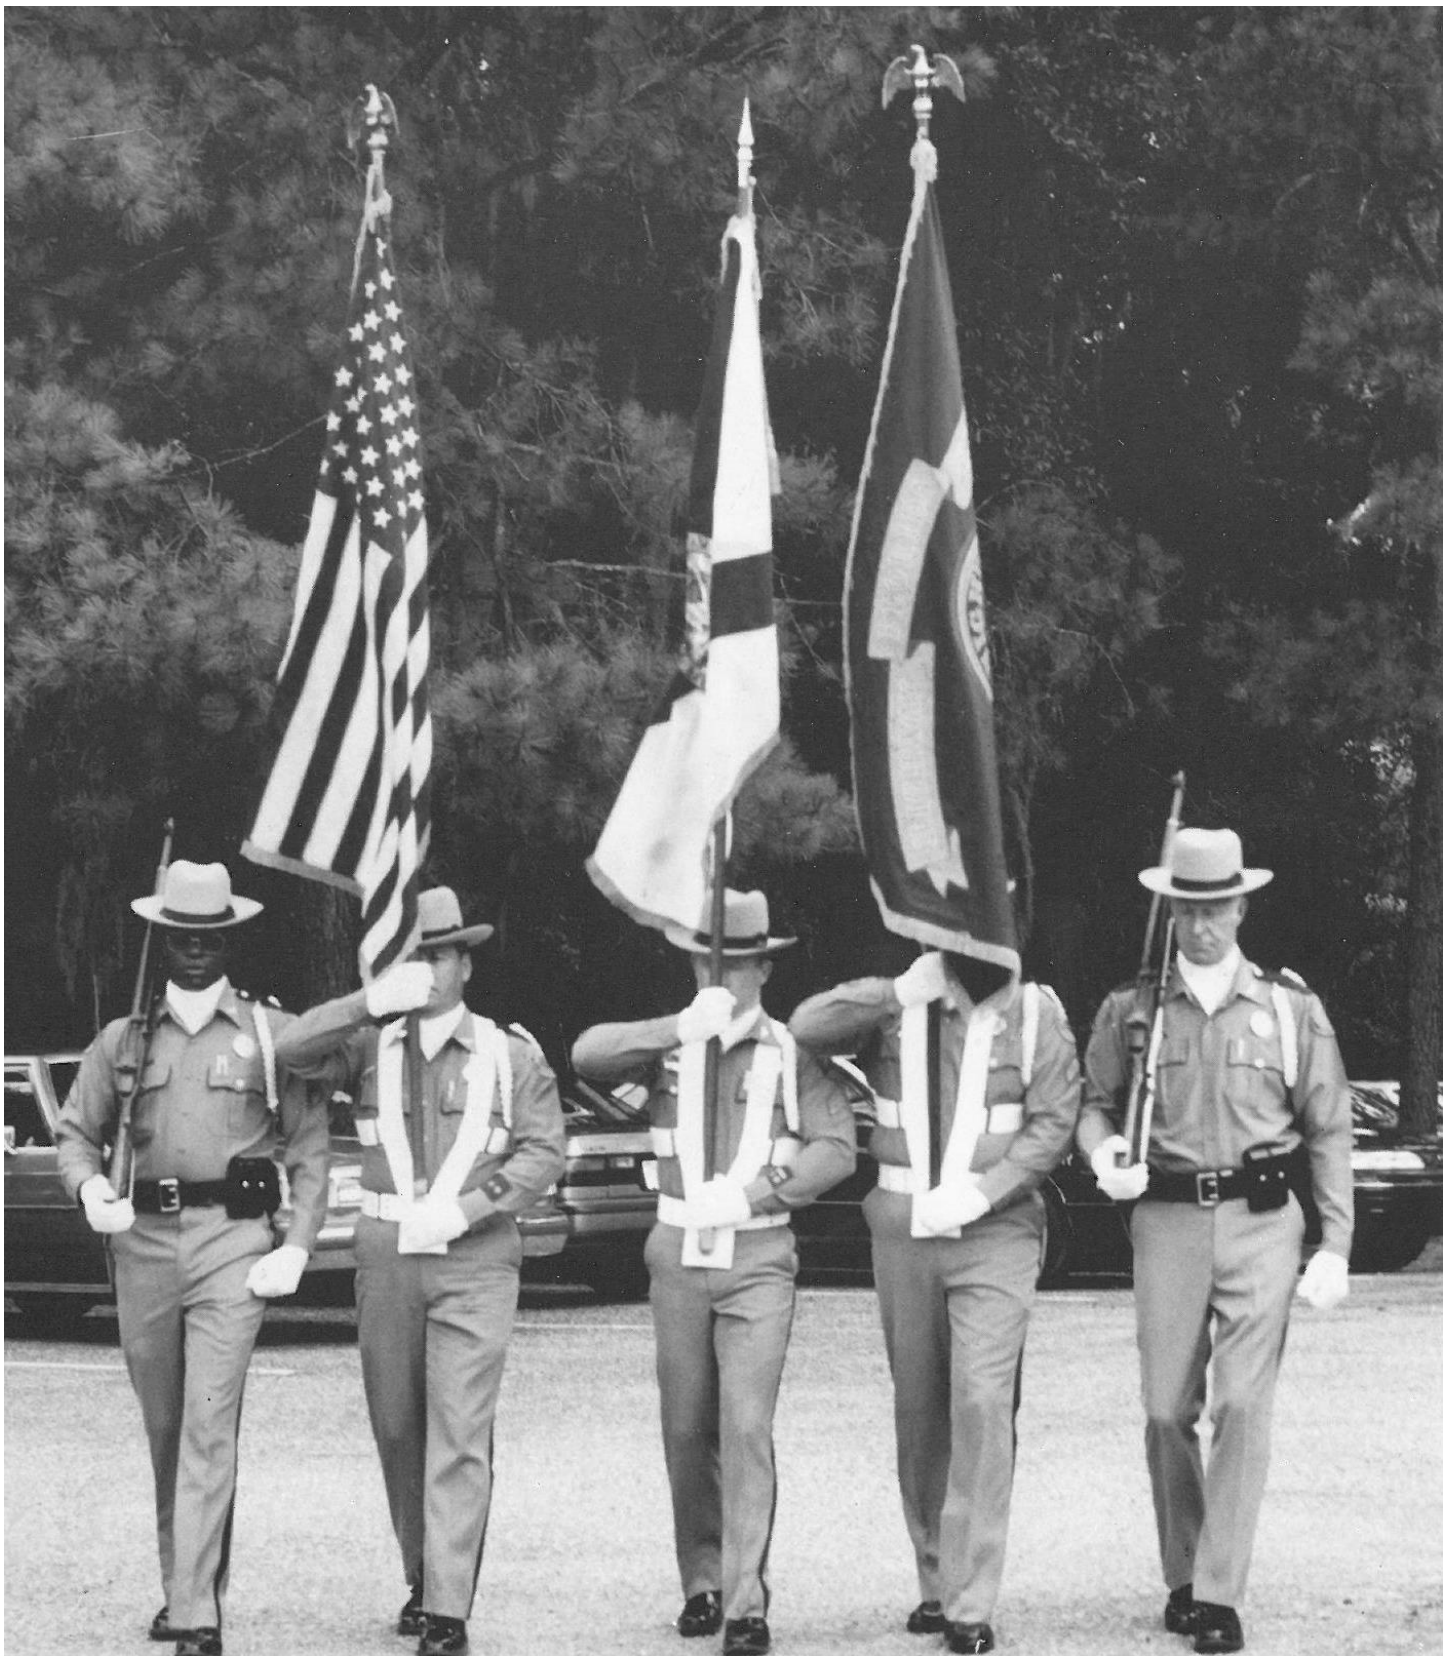

Once a Trooper Always a Trooper

Twice a year all of the retired members of the Patrol get together in different locations to have fellowship and share memories. This gathering of members took place in (Gulf Breeze) Pensacola.

And this is their better half. Hats off to a great tradition and a great group of men and women who gave so much of their lives for the Patrol and for the State of Florida.
